Lower Extremity and Lumbar Spine Module

March 25th - 26th and October 14th - 15th

Hotel Astra in Ferrara, Italy

The ESP is glad to say that we will continue teaching prolotherapy and regeneration medicine throughout the year 2023

This is our Prolotherapy Academic Year 2023 agenda

My faculty and I are doing our best to set up a teaching system easy to learn and understand how you can heal your patients using Prolotherapy and Regeneration therapies.

We have organized these **TWO DAY MODULES** for your complete Basic Prolotherapy Education which will be an intensive course to learn this regeneration medicine therapy. These modules will be held at the **Astra Hotel** in Ferrara, Italy. Our organization will be teaching Prolotherapy ONLY in English with our active training workshops to improve your education and Prolotherapy understandings.

We intend to promote those physicians that have shown us their educational achievements to obtain an official Prolotherapy diploma from the European School of Prolotherapy/SIPRO.

COST: If paid in advance both modules, the total cost will be **1600,00 euro**. For each individual module cost will be **950,00**

Each Module (2 Day Prolotherapy Training Course), includes 2 lunches, all educational material, ESP bag, and PDF lectures of the courses.

If interested, you must contact Ruggero Cavallino, euprolo@gmail.com to receive an application registration form

European School of Prolotherapy

All payment can be made by bank transfer to:

European School of Prolotherapy

BANK: INTERNATIONAL ASSET BANK – Sofia, Bulgaria

IBAN CODE: **BG57IABG74321400355101**
